

# BRUNET ISLAND STATE PARK 2006 DEER SEASON - SPECIAL REGULATIONS

(See the 2006 Wisconsin Deer Hunting Regulations for additional regulations.)

Only holders of a 2006 Park Access Permit for deer hunting in Brunet Island State Park (Deer Management Unit 23A) may deer hunt in the park. On all vehicles that enter the park, Park admission stickers are required (\$7.00 per day or \$25.00 annually for residents; \$10.00 per day or \$35.00 annually for non-residents). Hunters are encouraged to purchase stickers prior to opening morning to avoid delays at the office.

## Season Dates:

- Brunet Island State Park will be open to deer gun hunting (muzzleloaders only) November 18 – December 6, 2006.  
**NOTE: The Park will not be open to muzzleloader hunting during the statewide December 7 - 10, 2006 antlerless gun hunt.**
- Archery deer hunting will be open in the park from November 27 – January 7, 2007. Archers are required to meet blaze orange requirements from November 27 – December 6 when the muzzleloader season is also open.

## Weapon Restrictions:

- Only Muzzleloaders** may be used to hunt deer in the park during the November 18 – December 6, 2006 firearm season. Please see the *2006 Wisconsin Deer Hunting Regulations* for muzzleloader restrictions. All firearms must be unloaded and enclosed within a carrying case when the hunter is in a motor vehicle or within a closed area of the park. Note: Muzzleloaders are considered unloaded if the cap is removed from a cap lock muzzleloader, or the flash pan is cleaned on a flint-lock muzzleloader; the ball and powder may remain in the barrel.
- No scope restrictions apply during the 19-day muzzleloader season in Brunet Island State Park.

## Tagging Options:

- Only antlerless deer may be harvested in Brunet Island State Park.**
- Muzzleloader hunters that receive a 2006 Park Access Permit for unit 23A may tag an antlerless deer with the Antlerless Deer Carcass Tag, valid in Herd Control and Earn-a-Buck Units, they received with the purchase of their Deer Gun Hunting License.
- Archery hunters that possess a valid archery license and a 2006 Park Access Permit for unit 23A may harvest one antlerless deer with their regular Archery Either-Sex Carcass Tag and one antlerless deer with their Archery Antlerless Deer Carcass Tag.
- In addition, muzzleloader and archery hunters may tag additional antlerless deer per Antlerless Deer Carcass Tag valid in Herd Control and Earn-a-Buck units. One tag comes free with each gun and archery deer hunting license.
- Additional Antlerless Deer Carcass Tags valid in Herd Control and Earn-a-Buck units are \$2 each (for residents and non-residents) and may be purchased online or at any DNR license sales location.
- Antlered Bucks may not be harvested in Brunet Island State Park, except that hunters holding a Class A or C Disabled Hunting Permit may harvest and tag one buck with a muzzleloader during the 19-day muzzleloader season. The buck must be tagged with their Gun Buck Deer Carcass Tag.

## Hunting Hours:

- Hunting hours are found in the *2006 Wisconsin Hunting Regulations (pages 50 - 53)*. Hunters may enter the park up to one hour before the legal hunting hours begin for that day.

## Deer Registration:

- Deer will not be registered at Brunet Island State Park. Deer must be registered in the adjacent unit of kill. A list of registration stations is available at all DNR service centers or on the DNR Website ([dnr.wi.gov](http://dnr.wi.gov))

## Additional Park Regulations:

- Closed areas within the park are not open to hunting or any activity which would cause deer to be driven into a legally open hunting area (see map on back). A wounded deer that moves into the closed area may not be pursued by the hunter prior to notification of a park employee who may accompany the hunter to retrieve the deer.
- Group Hunting is restricted to persons in possession of a 2006 Park Access Permit for unit 23A. Persons who have filled their carcass tags may continue to engage in group hunting, providing they have their unit 23A Park Access Permit in their possession.
- Tree stands or elevated devices must be completely removed each day at the close of hunting hours. It is illegal to construct or use tree stands or elevated devices on state property that causes damage to trees.
- New for 2006:** All tree stands that are not occupied during legal hunting hours shall have the owner's customer ID number or name and address attached to the tree stand in a manner that is visible to a person on the ground.
- It is illegal to hunt within 50 feet of the roadway's center or discharge a firearm or shoot an arrow from a bow, from or across a road or designated park trail. It is illegal to shoot within 100 yards of a building devoted to human occupancy, without the permission of the owner or occupant.
- All parking and traffic regulations shall apply during the season. Vehicles may only be operated on established roads and parking is only permitted in established parking lots.
- All hunters should be aware of other recreational users within the park. Not all people will be wearing blaze orange, so be sure of your target and beyond!
